Preliminary Amendment Acknowledgement

Receipt is acknowledged of preliminary amendment filed on 5-1-2006.

Allowable Subject Matter

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 10 more particularly define the structure of a data retrieving apparatus and method for retrieving data stored on an information recording medium which has a plurality of recording layers. the apparatus comprises of means for irradiating a first recording layer, and a detector for receiving radiation beam reflected back from the medium. The radiation beam comprises radiation reflected back from the first layer and one or more from other layers. The apparatus also comprises a spatial filter to spatially separate the radiation reflected from first recording layer and those reflected from other recording layers, the apparatus also includes means for selectively eliminating at least a substantial portion of the radiation beams reflected from other recording layers from radiation beam prior to retrieval of the data. these particulars, combined with remaining claimed elements are not suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
